Los Angeles Capitalists Propose to Run City's Saloons.

GOETENBURG SALOON SYSTEM

Would Acquire City Saloons and Cut Number to 25. After Licenses Had Been Paid and Owners Had Received Six Percent, City Gets Balance.

Los Angeles, Oct. 7.—As the result of a formal proposition submitted in writing to the city of Los Angeles, there is a possibility that the "Gothenburg saloon system," may be installed in this city, supplanting the present private ownership of the 200 saloons here. The proposition came from 25 of the leading business men of the city, among the number being a number possessing fortunes of millions. It is proposed by these men as a company, to pay the city the sum of \$18,000 per annum for the 200 saloon licenses now in operation in the city and to reduce the total number of saloons from 200 to 25. The company offers to acquire the furniture and fixtures and good will of saloons from the present proprietors at an appraised valuation. After the license tax has been paid, the stockholders of the company, under the proposed plan, would be entitled to six per cent. dividends from the receipts of the business on the total amount of their investment the remainder of the profits from the operation of the 25 saloons to revert to the city treasury.

FOOTBALL STRUGGLE BEGINS.

Chicago, Oct. 7.—The struggle for the western football championship starts today. Chicago, weak with substitutes will open with Iowa, the one dark horse of the conference colleges at Marshall Field. Coach Stagg is doubtful over the outcome, but predicts a snappy game with the Iowa team a hard foe.

STRINGENT MEASURES TAKEN.

Washington, Oct. 7.—As an outcome of the discovery of the Schuykill arsenal frauds, Secretary Taft yesterday issued a sweeping order to insure that government supplies shall be kept up to sample; that irresponsible bidders shall be excluded from competition and that honest and competent inspection shall be made at every stage in the process of manufacture of goods furnished the government.

INTERNAL REVENUE INCREASES

Washington, Oct. 7.—The monthly statement issued by the commissioner of internal revenue shows that the total collections of internal revenue for the month of August, 1905, were \$19,935,072 which is an increase as compared with August, 1904, of \$802,780. For the months of July and August there was a net increase of \$1,188,242.

LOGGERS CIRCUMVENTED

British Columbia Will Prevent Them Filing for Logging Purposes.

Vancouver, B. C., Oct. 7.—Hon. R. F. Green, chief commissioner of lands and works for British Columbia, in an interview here today said:

"In order to circumvent loggers who are taking up preemptions for the purpose of cutting the timber, the provincial government will issue immediately to all commissioners in the province instructing them to grant no preemption records unless the preemptor swears that there is no more than 5000 feet of timber to the acre on the land he wishes to take up. This order which is aimed at men, who are logging government lands without taking out licenses, may have the effect of preventing settlement as it is almost impossible to find good land which is not heavily timbered. There is some doubt however, as to whether or not the government can override the provisions of the land act in this way."

SETTLED OUT OF COURT.

A request for the dismissal of the suit brought by Bremner Holmes against the Clinton Company was allowed by Judge McBride in the circuit court this morning. A demurrer in the case of J. W. Welch et al. vs. C. W. Christensen was overruled.

COURT TO ADJOURN TUESDAY.

Circuit court will be adjourned Tuesday. Monday the confirmation of the sale of the Warrenton mill will be up for action and also the case of Wills et al vs. the Nehalem Coal Company, in which the defendant has been cited to appear and show cause why a receiver should not be appointed, and the company's books brought into court.

HIS LIMBS CRUSHED.

W. A. Buckby, an employe of Warren & Lesser's logging outfit at Knapapa, was brought to St. Mary's hospital in this city yesterday morning with both lower limbs severely torn and bruised by a rolling log. No bones were broken, but his pain was very severe. Dr. Jay Tuttle has charge of the case and it is thought Mr. Buckby will be confined for at least one month.

BUSY CONTRACTOR HERE.

J. A. Fastabend, the well known contractor is in the city, from Kelso, where he has been at work, remodeling the projecting draw on the bridge over the Cowlitz river, and changing it to an up-lift draw and reports same will soon be finished and in fine working order. When this work is complete Mr. Fastabend will at once proceed with a contract for certain work at the buoy depot, putting in piling, dolphins, fenders, etc., etc.

IN THE CIRCUIT COURT.

At yesterday's session of the circuit court, the case of Bremner & Holmes vs. Clinton & Company was settled and dismissed.

The demurrer in the case of J. W. Welch vs. C. W. Christensen was overruled. All jurors not on the regular panel were excused for the term and all composing the regular panel were excused until notified by the clerk.

EARLY MORNING BLAZE.

But for the energetic action of Policeman Settem, and a few assistants, the A. & C. R. depot would probably have been destroyed by fire this morning. At an early hour the officer noticed a blaze in the men's waiting room, while making his rounds. Summoning assistance from some of the employes of the road, he was able to extinguish it. The fire was started by the explosion of a kerosene lamp, which the Japanese attendant had failed to extinguish after the arrival of the night train.

IMPROVEMENT BIDS.

City Councilmen Hansen, Robinson and Strangeland, constituting the committee on streets and public ways of the common council, met at the office of Auditor Anderson in the city hall yesterday at 2:30 o'clock p. m., and proceeded to open the bids heretofore filed in the following matters. For the construction of a sewer on Thirty-Fifth street, estimated to cost \$397.50, the committee opened bids from J. A. Fastabend in the sum of \$415.00, W. A. Goodin, \$340.00, and Dill & Young \$395.00. And in the matter of building a drain at Exchange and Fifth streets, the following bids were opened by the committee: (The estimated cost having been placed at \$638.00). W. A. Goodin, \$598.00, and from J. A. Fastabend, \$745.00. Mr. Goodin being the lowest bidder in both instances, the council will probably award him the contracts in due course.

Jewelry Thief Quarrels With Confident With Usual Results.

FIRM'S EMPLOYE IN THE DEAL

Peddler Who Had Been Regular Customer of Firm Makes Deal With a Clerk Who Delivers Watches and Jewelry to Him.

Chicago, Oct. 7.—Hyman Tells, 18 years old, an employe of a firm of wholesale jewelers, and Fred Langwell, 28 years old, are under arrest, charged with larceny and conspiracy to rob Tell's employe of jewelry. Both are said to have confessed guilt.

Langwell is a peddler, who had been a customer of the jewelry firm for several years. According to Tell's confession, Langwell, proposed to him three months ago to steal watches and jewelry and sell them to Langwell. Since then it is estimated that Tells has taken about three thousand dollars worth of watches and trinkets and delivered them to Langwell, who, it is said, intended to open a retail store and sell the jewelry stolen by Tells.

The police were notified of the conspiracy two weeks ago by Mrs. Kate Williams. They say Langwell had made Mrs. Williams his confidante and that after a quarrel she divulged his plans.
